Marks

Question:

Describe two problems faced by the Provisional Government.

(4 marks)

Answer:

The first problem faced by the Provisional Government was the loss of control of the military. Order Number 1 was passed in 1917, which gave the Petrograd Soviet control over the military, which weakened the position of the Provisional Government.

The second problem faced by the Provisional Government was the failure to recover the economy after World War Two. There were huge food shortages and high inflation, and it did not address the issues of the peasants.

Feedback:

This answer would get 4/4 marks because it recognises two problems faced by the Provisional Government, and then describes both problems using additional information.
