

Fuel Cells

Evaluating the Use of Fuel Cells  
and writing half equations

Energy Transfers in  
Chemical Reactions

Energy Conservation  
in Reactions

Evaluating the Use  
of Batteries/Cells

Exothermic and  
Endothermic Reactions

Required Practical -  
Investigating Energy  
Transfer

Non-rechargeable vs. non  
rechargeable batteries

Simple Cells and  
Batteries

Calculating Energy  
Change of Reactions

Activation  
Energy

Reaction  
Profiles
